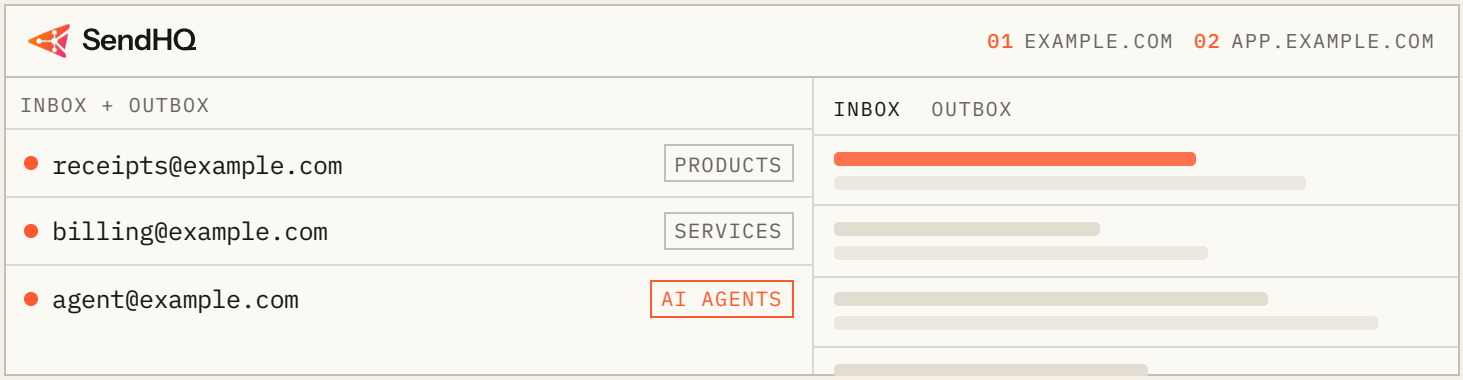
SendHQ

ONE INTEGRATION · EVERYTHING CONNECTED

EVERYTHING YOU RUN.
ONE EMAIL API.

> Every new product shouldn't mean another email stack.



01
Transactional provider
Receipts and notifications

02
Team inbox
Support and replies

03
Agent mailbox
Automated conversations

04
Outbound tool
Founder-led outreach

GIVE ANYTHING AN EMAIL.

Products
Receipts, onboarding, alerts, confirmations, and every message your product needs to send.

Services
Background jobs, monitoring, billing, and internal systems with scoped sending identities.

AI agents
Real inboxes, real identities, controlled permissions, full history, and a human within reach.

People
Inspect, reply, approve, pause, and take over without leaving the same shared workspace.

STARTER — $9/month

For products sending their first real traffic.

- 50,000 emails / month
- 25 verified domains
- Inbox + outbox
- Delivery and bounce tracking
- 24/7 support, 12-hour first reply

SCALE — $39/month

For teams shipping serious volume.

- 200,000 emails / month
- 100 verified domains
- Everything in Starter
- Priority support

Starter is $9/month for 50,000 emails and 25 domains; Scale is $39/month for 200,000 emails and 100 domains. Marketing is $19/month on Starter and $39/month on Scale with the same limits. Annual billing takes 10% off any plan, with the same monthly allowances.
